

# Chuck Walker Memorial at Covenant Prayer Garden

Chuck Walker was a part of the **FirstCare Health Plans** family for more than three decades. His professional legacy is one of success across our organization, within the Lubbock community, and across West Texas.

His personal legacy is also remarkable. He was a man whose faith, kindness, and integrity reached near and far.

To continue honoring Chuck, we wanted to find a permanent way to help his legacy live on—something his family, friends and colleagues could enjoy...a place where the Lubbock community could visit and remember him. After speaking about this idea with the Covenant Health Foundation, we found a fitting place to honor and remember Chuck's legacy.

**We are excited to share that a memorial for Chuck will be placed in the Prayer Garden at the new Covenant Health patient tower.** The memorial will serve as a lasting reminder of the life he lived and the community he loved.

Construction is slated to begin soon, and once it is complete, the community will be invited to a special dedication ceremony where we will unveil the memorial and honor Chuck's legacy.

We have identified the financial target for this memorial to become a reality for Chuck's family, friends and colleagues—**\$100,000.00**—and we are inviting everyone in the community to contribute. All contributions are tax deductible and will be handled through the Covenant Health Foundation.

**Let's all pull together and honor Chuck and his legacy in the community.**

## Contributions can be made by mail or over the phone.
