

Quick Reference Guide

Thank you for being a FirstCare Member! Our priority is to provide you with an exceptional health care coverage experience. This Quick Reference Guide is designed to help you get the most out of your plan.

HMO: What You Should Know

At FirstCare Health Plans, we encourage our HMO (Health Maintenance Organization) members to choose a Primary Care Provider (PCP) in the FirstCare provider network. Your PCP can help coordinate and manage your health care needs, including seeing a specialist. Your PCP helps provide you with the right care and keep your out-of-pocket costs low by coordinating your care with in-network specialists.

Finding a Provider

To search for a PCP or other participating doctors or facilities within the FirstCare network visit FirstCare.com/FindAProvider and select the network name listed on your ID card. Your plan also includes out-of-area coverage in certain circumstances. Call Customer Service to learn more.

For instructions on using the Provider Finder tool, click on “*Provider Finder Instructions*” under “*Related Documents*”. To choose or update your PCP, see “*Online Member Self-Service Portal*” (page 2 of this document). For additional provider information, please call the Customer Service phone number located on the back on your ID card.

TIP: Stay in-network to get the most out of your plan benefits and avoid higher fees and out-of-pocket costs. All out-of-network services require prior authorization.
