FirstCare Health Plans Names New AVP of Network Management

AUSTIN, Texas (December 9, 2016) – Today, officials at [FirstCare Health Plans](http://www.firstcare.com) named [Hilary Greason](#) as the new assistant vice president of network management.

“We took great care in searching for the right person to oversee our network management area,” said FirstCare VP of Operation Paul Marchant. “Hilary’s proven track record of excellence make her a terrific addition to the FirstCare team as she will help us continue providing access to high-quality health care providers for our members throughout the state of Texas.”

Greason brings over 15 years of experience in provider network development, provider relations, contract management and credentialing from her assignments with Banner Health in Tucson, Arizona. Additionally, while at Banner Health, she improved network database operations—resulting in improved workflows—and improved turnaround time of service requests. Her background also includes experience in home health, senior health and living, skilled nursing and therapy services management.

Greason holds a bachelor’s degree in Business Management and Marketing, and a masters’ degree in MIS, both from the University of Phoenix.

She is based out of FirstCare’s headquarters in Austin, Texas.
