SCOTT AND WHITE HEALTH PLAN TO ACQUIRE FIRSTCARE HEALTH PLANS

DALLAS, TEXAS (Oct. 23, 2018) – Scott and White Health Plan, part of Baylor Scott & White Health, has signed a definitive agreement to acquire FirstCare Health Plans.

This acquisition will allow the two provider-owned health plans to come together to create a more comprehensive and sustainable insurer with a driving focus on enhancing the customer experience through advanced technology.

“For more than 35 years, Scott and White Health Plan has served Central Texas and surrounding communities,” said Jeff Ingram, CEO of Scott and White Health Plan. “Uniting our health plans will allow us to ensure the long-term viability for both, continuing our histories of Texans serving Texans.”

Collectively, the plans cover nearly 400,000 members. Once finalized, the acquisition will mean for those members an expanded network of providers in the communities the health plans serve.

“We are confident this is in the best interest of our members, providers, agents and employees,” said Darnell Dent, President and CEO of FirstCare Health Plans. “I am proud of FirstCare’s legacy of excellence, compassion and high-quality service to our communities in North, West and Central Texas. We are looking forward to advancing that legacy.”

The definitive agreement signed by Scott and White Health Plan and FirstCare Health Plans’ owners, Covenant Health System and Hendrick Health System, is now subject to regulatory approval. Pending that approval, the acquisition is expected to be finalized in early 2019.

It is important to note that nothing changes for members or employees of either health plan today.
